

PRO HOCKEY LIFE 67's MINOR HOCKEY ACADEMY SPECIAL SKILLS CLINIC

“ We are more than a hockey game, we develop players “

What is an Ottawa 67's Special Skills Clinic? These clinics are designed to challenge, teach and hone various special skills required to play the game of hockey. Many of these skills teams don't have enough practice time during the season to introduce & develop those skills – which is why we want to focus on those skills and offer each player a chance to develop and learn proper techniques and understand why they need that skill.

- Defence Shooting & Skating
- Shot Deflections
- Shot Blocking
- Face-Off Techniques
- Flow & Timing
- Puck Control & Puck Protection
- Angling / Bodychecking

\$50 per Skater Get's YOU!

- 1 hr of Special Skills

We will have various experienced & professional coaches on the ice teaching these “ Special Skills “. We have partnered with the ODHA for their assistance with instructors as they are offering these clinics as well. These clinics will be different than any other clinic you have attended. They will be very skill specific – allowing the athlete to understand, apply and hone these skills so they are more comfortable and knowledgeable while playing hockey.
